

CERTIFICATE

0402-CPD-10 13 24

EC-Certificate of conformity issued by Notified Body no. 0402

Byggcement Standard PK Skövde

CEM II/A-LL 42,5 R

Holder/Issued to

Cementa AB
Box 144
SE-182 12 Danderyd
Sweden

Place of manufacture

Cementa AB, Degerhamn

Product name and specification

Byggcement Standard PK Skövde
CEM II/A-LL 42,5 R

Certificate

SP Swedish National Testing and Research Institute confirms that the product described above and its manufacturing process have been examined and found to fulfil applicable requirements set out in Council directive 89/106/EEC. The directive is implemented in Swedish law by BVL. The procedure has followed annex 3, section 2(i) of the directive.

The product fulfils

- The requirements in the harmonized standard SS-EN 197-1:2000,
- The Swedish requirement regarding content of chromate in cement according to annex A to SS-EN 197-1:2000

Marking

Products conforming to this certificate shall be marked in accordance with the requirements in SS-EN 197-1:2000 annex ZA.4.

Validity

This certificate is valid as long as the requirements in SS-EN 197-1 and SS-EN 197-2 are fulfilled.

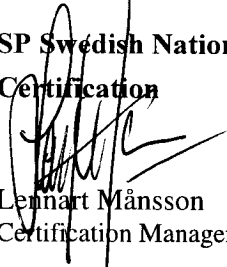

Miscellaneous

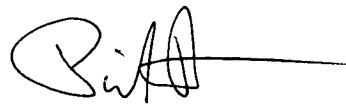

This is edition 2 of this certificate, originally issued 15th November 2001

Borås 1st February, 2002
