

our companies and products

Hanson UK is part of the HeidelbergCement Group employing 53,000 people across five continents. HeidelbergCement is the global leader in aggregates and a leader in cement, concrete and heavy building products (brick, block and precast concrete).

Hanson UK is split into five business lines – Hanson Aggregates, Hanson Concrete, Hanson Asphalt and Contracting, Hanson Cement and Hanson Building Products.

Hanson UK offer the broadest range of products and services in the heavy building products market. For more detailed information visit: www.hanson.com/uk
